## Profile Summary

Passionate about cybersecurity, I am dedicated to staying ahead in this dynamic field by continuously learning the latest technologies, trends, and best practices. With an ethical and responsible approach to hacking and security testing, I prioritize integrity in all my work, ensuring alignment with the highest standards of security and professionalism. Known for a strong work ethic and commitment to growth, I eagerly embrace new challenges and opportunities to expand my knowledge and expertise in cybersecurity. I contribute effectively to individual projects and collaborative efforts, bringing valuable insights and proactive solutions to the table.

## Internship

### Prodigy Infotech, 1 Months

Developed five security-focused projects, including a keylogger and IP packet analyzer.

Designed Python scripts to evaluate password strength based on length, complexity, and common usage.

Gained proficiency in creating security-focused tools using Python.
